

November 14, 2020

Midwest Dynamical Systems Early Career Conference

The Midwest Dynamical Systems Early Career Conference took place on November 14, 2020 on Zoom. All of the videos from the conference can be [found here](#) as well as on the [abstracts](#) and [poster session](#) pages.

The conference includes plenary talks by Jayadev Athreya and Mark Pollicott, as well as talks by Khashayar Filom, Yan Mary He, Osama Khalil, Claire Merriman, and Agnieszka Zelerowicz. It will also include a poster session, with presenters available to answer questions during the conference, and posters and short videos [uploaded here](#). For more information about the schedule, [click here](#).

If you have any further questions, don't hesitate to contact the conference organizers at mdsecc2020@gmail.com

Organizers: Benjamin Call, Ivan Chio, Noelle Sawyer, and Kitty Yang
